

Plan by Prussion

## Anti-Red Unit Story Clarified

On June 19, 1960, The Chronicle carried a story concerning a proposal by Karl Prussion, a former Communist and FBI informer, that the Colonel John Howard, Post 558, American Legion, Los Altos, organize an anti-red unit.

Prussion has complained that the heading and contents of the story conveyed the impression he advocated that this unit should conduct

investigations and operate as a "spy" plan.

In fact, Prussion confined his recommendation to the building of an organization of strategy and tactics to fight Communism without detailing what methods should be employed.

The references in The Chronicle story objected to by Prussion reflected the opinion of certain Post members that the plan could only operate as a "spy" organization.

Any implication that Prussion advocated the creation of a "spy" plan is erroneous. The Chronicle regrets any embarrassment occasioned Mr. Prussion.

## Red Issue Splits Post

Editorial board of the Los Altos Post, which was split day when an American Legion spokesman, saying he wanted to "know more about the plans to organize a "grass roots" anti-Communist group to lobby for the American viewpoint."

The membership of the L.A. John Howard Post No. 551 appeared split over the proposed crusade. The former Los Altos Mayor

Larry Susick, ex-commander of the post, said he was not receptive to the idea.

"Anti-Communist investigations are in the provinces of law enforcement bodies," he noted.

Post Chairman William Newman said the fuel for a so-called grass roots movement came at Friday night's packed meeting which featured a speech by Karl Prussion, the FBI informer who recently testified in San Francisco before the House Un-American Activities Subcommittee.

Prussion urged the Legionnaires to start an organization of "strategy and tactics to fight Communism."

Newman said many members signed up for the new group, but declined to reveal the exact number. The Post has about 200 members.

## Legion 'Spy' Plan Splits Bay Post

A hot dispute erupted yesterday in a Los Altos American Legion post over an FBI informer's proposal that members organize their own spy organization.

Cause of the argument was just how the unnamed anti-Communist group was to occupy its time and energies.

The proposal that the legionnaires form "an organization of strategy and tactics to fight Communism" came during a speech to 250 post members Friday night by Karl Prussion.

### FORMER RED

Prussion, a former Communist turned FBI informer, was a government witness in the recent hearings of the House Un-American Activities Committee.

Yesterday, some members of the Colonel John Howard Post 558 were sharply critical of Prussion's idea.

Former Los Altos Mayor Irving Atkinson, said "I'd like to know more about it than I learned last night."

Jack Francis, a coffee shop proprietor, of 285 West Portola drive criticized the proposed organization of sleuths as "a spy organization to get into the personal opinions and lives of individuals."

**'RED METHODS'**

Such a group, Francis said, would be using the methods of Communism in order to fight Communism."

But Post Commander William Newman vigorously denied that allegation. "The purpose would not be to pry into personal lives, not to inform on individuals, and not to beat the bushes or peek over back fences," he declared.

Newman said the nameless group would be "a grass-roots movement to combat the flood of Communist and pro-Communist literature with anti-Communist literature."

"We intend to lobby for the anti-Communist view," Newman declared.

## HERB CAEN SUED HERE FOR LIBEL BY LOS ALTOS BUILDER, KARL PRUSSION

Herb Caen, The San Francisco Chronicle's colorful columnist, may have to appear in Superior Court in San Jose.

Caen was named as a defendant in a libel suit filed this week by Karl Prussion, Los Altos home builder and ex-FBI informer on Communist activity in the Bay Area.

Also named in the suit were Chronicle Publishing Co., San Francisco Chronicle, Charles Thieriot (publisher) and Gordon Pates (editor).

### Statement

The alleged libelous statement appeared in Caen's column on August 28, 1959, when the following item was published:

"Karl Prussion of the Peninsula the former FBI informer who was prepared to Tell All about Bay Area teachers to the Un-American Activities Committee, appeared before the Sunnyvale Lions Club the other night and found himself on a spot. The hall was loaded with teachers - all of 'em angry, and when a Sunnyvale newsman demanded: 'Can you name one Communist teacher in this area - ever one?' Prussion backed down with a meek 'No'."

Prussion asked \$25,000 in damages for the alleged libel, which he claims was published in an intentional, wicked and malicious manner with the intent to injure him.

"By the above statement, the defendants meant that the plaintiff had falsely and / or erroneously represented himself as having information concerning un-American activities among Bay Area teachers, and that his misrepresentation was revealed when he was requested at the meeting to name one Communist teacher in the area," the complaint states.

### Lost Contracts

Prussion claims he has lost valuable contracts, which were under negotiation, involving publication rights of his experiences in the Communist party and as an informer for the FBI.

By reason of the publication, the complaint continues, Prussion and his family have been caused to suffer great mental anguish, humility, public hatred, contempt, ridicule, obloquy and disgrace among his fellow employees, acquaintances, neighbors, and the general public, and has had his integrity, virtue and reputation questioned.

Attorneys for the plaintiff are Burd and Quantz of Oakland.

## FBI informer to continue testimony in Washington before Red probers

Karl Prussian, Los Altos contractor and FBI informer, today said he will go to Washington soon to continue his testimony before the House Committee on Un-American Activities.

His testimony will include documentary evidence about Communist activity in the Midpeninsula area, he said.

HE TESTIFIED before a subcommittee of the house group in San Francisco last week and named a number of Midpeninsula who he said were under Communist discipline.

That testimony was only a "warmup" for additional information he will provide at the Washington hearing, he said.

Date of the hearing in the nation's capital has not been set, but it will be soon, Prussian said.

Prussian repeated his assertion that Communist infiltration in Midpeninsula area church groups, political clubs and social organizations is "most critical."

He said the infiltration is directed from Moscow and is aimed at creating an atmosphere of apathy about the menace of communists.

Prussian denied charges that he is benefiting financially from his 19 years of undercover work for the FBI.

"Actually I am broke, destitute and unemployed," he said. "I went bankrupt two months ago."

HE SAID he has moved five times in the past nine months and is planning to move again soon to help protect himself and his family.

Prussian also declared that he has waived congressional immunity regarding his testimony.

On 4/25/60, [REDACTED] Carpenters Local 668 at Palo Alto, was interviewed in response to his telephone call to the resident agency. [REDACTED] said that he has for many years cooperated with the FBI and he had always supposed that if the FBI had a question regarding him or his union that he would be contacted directly. He said he is suspicious that KARL PRUSSIAN is hanging around the Carpenters Union Hall, for the purpose of investigating him or the union or possibly some of the union members. He said that if this is true he will not interfere with PRUSSIAN and will in fact cooperate in the investigation. He said he is still resentful that the FBI did not confide in him.

It was explained to [REDACTED] that PRUSSIAN has no connection with the FBI and has not had since he publicly disclosed himself as a former informant of the FBI. [REDACTED] was assured that no investigation of him or his union is being made by the FBI and that we did not know PRUSSIAN was frequenting the union hall.

He was assured that the FBI has not solicited or received report from PRUSSIAN on any such activity. At the conclusion of the interview [REDACTED] said he had misunderstood and that he has only the friendliest feelings for the FBI and will continue to cooperate with the FBI. The informant was questioned concerning the above report and she explained that her reference to COPE is to the "Committee on Political Education" of the Santa Clara County Labor Council. She knows of no communist control of this organization but feels that the party hopes to use it for its own purposes. She said that her reference to SWEET is to WEBSTER SWEET, a negro and a candidate for San Jose City Council.

Informant stated that she knows of no communist connections or sympathies on the part of SWEET and doubts that he knows that the CP is supporting him. Similarly she said that Dr. RUSSELL LEE has no connection whatsoever with the party and would not be aware of the party's interest in him. She said that the only reason his name has come up in this political discussion was that it is understood he feels very strongly on the subject of total world disarmament. The party, according to informant would take any measures to defeat Congressman GUBSER. The informant had no further information.

"The question of HOLLAND ROBERTS dues was brought up. He has not paid since last March. WALTER HARJU's birthday party was discussed and plans to pick people up from here were made. WALTER HARJU mentioned that he saw KARL PRUSSIAN in a restaurant with some dark haired woman and that when he, KARL, saw WALTER he left immediately. WALTER HARJU said that [redacted] (of the South P.A. dem. club) [redacted] and WILMA HARJU were the ones who got [redacted] (I not sure if that is the way it is spelled) to take on the defense of the teachers here. They thought she would be the perfect one as she is a Republican. Some one mentioned an [redacted] I think it was DORIS DAWSON. She thought she had been active in the Teachers defense. DORIS DAWSON and I think MARY WILSON or SARA ALCHERMES said she [redacted] had once been in the Communist Party - I have no idea who she is.

"SARA ALCHERMES reported that ALLEN ISAKSEN had been contacted to re-join the C.P. He said they were planning to visit Norway as soon as possible and that when they returned he is considering going to Auburn, Calif., to live. SARA ALCHERMES feels that ALLEN ISAKSEN is still fearful of KARL PRUSSIAN.

[REDACTED]  
Informant explained the above report by adding orally that ALLEN ISAKSEN and KARL PRUSSIAN have a law suit pending in which each has filed claim and counter claim for breach of contract. He said that that was the reason for ISAKSEN's fear of PRUSSIAN.

RECOMMENDATION: Open and assign ISAKSEN's case to obtain passport data and furnish appropriate blind memo to the Bureau for dissemination prior to ISAKSEN's travel to Norway.

# Ex-FBI Informant Praises House Committee's Work

By RUTH HEMMING

The opposition to and ultimate victory over the House Un-American Activities committee when it issued subpoenas to 180 California teachers last spring was "a near-perfect example of a Communist attack to destroy its enemies."

The House committee is one of the greatest obstacles in the path of the Communist advance, according to Karl Prussion, who for 26 years was a member of the Communist Party and for the last 12

served as an informer for the FBI.

Prussion spoke yesterday on "Should the House Un-American Activities committee be abolished?" in answer to the arguments expressed by Clinton Jencks last week. Jencks was called before the committee in Washington this summer.

"This committee is the finest of all Washington committees fighting communism," Prussion said.

He said the party musters all its strength to combat the committee.

and cited the successful opposition to the committee's activities in California last June as an example.

"Almost immediately the Communists went to work. Thousands of letters were sent to senators, representatives and statesmen in all phases of our government, protesting the subpoenas and urging the dissolving of the Committee on Un-American Activities, branding it a witch hunt, etc.," he said.

As a result, the committee postponed its meetings. Prussion is to be a chief witness in the hearings dealing with Communist teacher infiltration in California schools.

He also denied charges that the committee was making a blanket attack on teachers, was undermining the entire educational system, was employing Fascist tactics and is a committee unpopular with the people.

"Protests to the committee come from a well-organized minority," he said. "The great majority recognizes the need and will support the committee when the facts are known."

The San Jose contractor revealed his 26-year affiliation with the Communist Party last Aug. 12. He broke with the party at that time, he said, because he "felt that manner of fighting is a complete and utter failure."

"The party is making gigantic steps forward. We can destroy it, but we must attack it head on," he concluded.

SUBJECT: Former SF 1740-S  
KARL PRUSSIAN

PRUSSIAN on 10/29/59 advised he was evicted from his former residence in Menlo Park and is now residing at 24501 Summerhill Road, Los Altos, telephone Whitecliff 8-8297. He stated he has no employment and is in very poor financial circumstances. He said the San Francisco "Examiner" has "dropped" him and is no longer interested in writing a series of articles for a book based on his experiences. He said he is still hopeful of writing a book but is making little progress in that direction at this time. He stated he has had a great number of requests for speaking engagements before civic and fraternal groups and branches of the American Legion and has had to decline most of these. He said few of them offer to pay him for these speeches.

He said he is frequently asked after speaking if the FBI will make speakers available to groups to speak on the subject of Communism. He asked what he should answer when that question is put to him. He was told that the San Francisco Office would undoubtedly decline to furnish a speaker under these circumstances. He stated he will not encourage any group to request this office for speakers on the subject of Communism.

PRUSSIAN still appears friendly toward the FBI and has not blamed the Bureau or the government for his present financial plight. PRUSSIAN was questioned as to his participation in the East Bay anti-Communist group he has previously reported on. He said that insofar as he knew nothing has come of the efforts to form such a committee and that he has had no recent contact with the people in the East Bay who planned such a committee.

PRUSSIAN expressed himself as very discouraged at the lack of response to his speeches. He said that groups he addresses on Communism express immediate interest but take no follow-up action. PRUSSIAN stated that his immediate plans are to continue working on his book, to seek a job, and to make a few speeches before American Legion and service groups.

# Bay Builder Reveals Work With Reds

Earl Prusack, 30-year-old Peninsula builder, announced yesterday he had been a member of the Communist party for 10 years—the longest he had informed for the FBI.

Prusack, who plans to write a book about his experiences, told the Oakland Labor Club he joined the party in 1933 when he was a disillusioned student in Detroit. He said he hoped influence a couple of labor unions.

He told the club that he has concluded in recent years the greatest Communist menace today is in local politics where, he alleged, thousands of Communists have infiltrated the Democratic party. He said the Communists have been
